XP Flex™ Explosion-Proof Flexible Couplings

Explosion-Proof and Dust-Ignition-Proof for Use in Hazardous Locations!

With their flexible design, T&B® XP Flex™ Couplings make it easy to achieve tight bends in conduit systems in confined spaces — or to connect stationary equipment to equipment that moves or vibrates. Their explosion-proof and corrosion-resistant construction mean you can use them with confidence in hazardous and wet locations.

- UL Listed for use in hazardous and wet locations
- Corrosion-resistant — ideal for washdown areas
- Flexible bronze construction with arc-resistant inner sleeve and brass fittings
- Terminated with two threaded female end fittings and male close nipples
- No bonding jumper required
